

# THE ARTS SOCIETY CHILTERN HILLS AREA SPECIAL INTEREST DAY 2021 WHAT MAKES A PAINTING A WORK OF ART?

## HOW TO VIEW ART LIKE AN EXPERT with Lynne Gibson

**Date Wednesday 17 November 2021**

Would you like to develop your confidence in looking at Art?

Do you want to discuss your opinions with insight?

Put away your headphones, take your nose out of the catalogue and discover a strategy for looking at Art. Become an active, rather than a passive, viewer. It is a tool for life: simple and effective.

We will put it into practice, through small group work, by looking at a range of paintings, and by discussion and sharing of ideas. For this reason, **numbers present are limited**.

This study day is a must for anyone interested in visiting galleries, exhibitions and art museums.

'See' more! Learn to trust your eyes and enjoy Art to the full.

**Venue: The King's Church, Raans Rd, Amersham HP6 6LX 10.30am - 3.00pm**

**Cost £42 . This includes coffee and sandwich lunch**

Open to both The Arts Society members and non-members. There will be a follow up SID by Lynne Gibson on 14 January 2022 "Encaustic to Acrylic" for which a separate booking is required.
